

Homework 14: Vocab Review (5 points)

Due to Gradescope by 11:45 PM on **Wednesday, December 8th**

You need to submit a pdf to Gradescope; each word is worth $\frac{1}{8}$ point

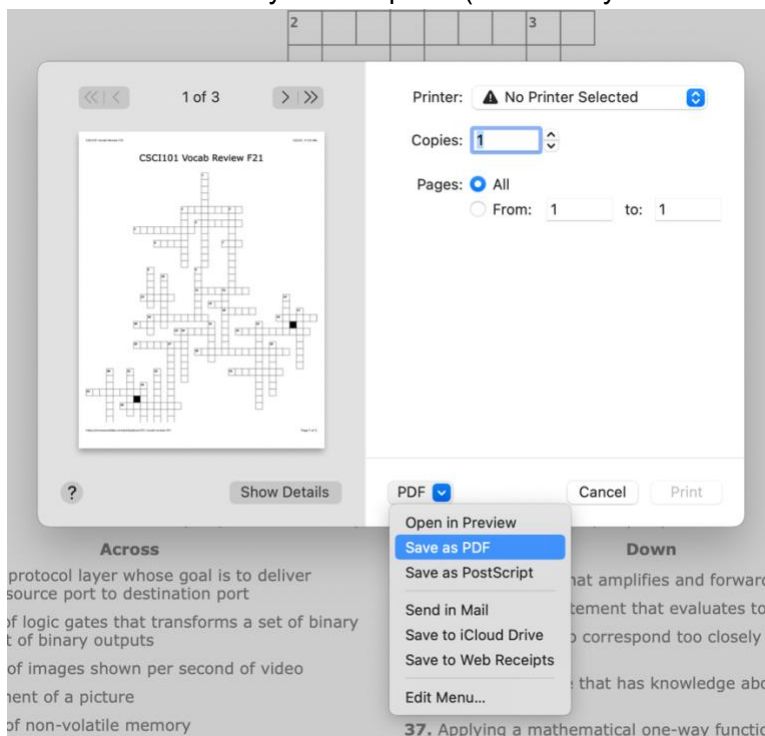

Homework Goal: Review some of the vocab we've covered in this class!

To do this assignment:

- 1) Go to <https://crosswordlabs.com/embed/csci101-vocab-review-f21>
- 2) Use the clues to solve the puzzle (try to do it without your notes or the quizlet, but it's ok to use them if you get stuck!)
- 3) When you are finished, click on the 3 bars in the bottom right corner, then the print button:

- 4) Save it as a PDF to your computer (don't worry about the clues being wonky):

- 5) Upload the PDF to Gradescope!
