Custodial Services

Custodial Services hours of operation are nearly twenty four hours per day seven days a week.

To best serve our customers each supervisor has a group of buildings they are primarily responsible for. However, if services are needed outside of the assigned shift for an area the current shift is available as needed.

Contacting Custodial Services:

Custodial Services may be reached by contacting the supervisor on duty: Please try the office first, as sometimes they could be in a meeting or an area there is no reception. You may leave a message or if it’s urgent please call their cell.

Inclement Weather Days
Custodians are responsible for hand snow shoveling at the exterior entrance to the campus buildings and keeping interior entrances dry. This additional duty takes them away from their routine indoor duties. During inclement weather Custodial Services Performs duties in the following order:
- Snow removal always top priority
- trash
- Classrooms cleaning
- Restrooms
- Public areas
- Offices if time allows this may mean due to our weekly schedule for office cleaning they could be skipped that week.

Recycling
Recycle Totes will be emptied twice per week on Tuesday and Thursday by Custodial Staff.

Note: Custodial Staff does not empty desk side recycle containers, please break down empty boxes for recycle.

Trash
Buildings with trash totes will have trash removed daily M-F

Non-Routine Service Requests
To schedule non-routine services such as upholstery cleaning, window blind cleaning…etc. Please submit a request for an estimate through the work order system or contact Custodial Services Manager Teresa Hall at ext. 3858 or thall@mines.edu.

Facilities Management will contact you, and provided an estimate if agreed upon Teresa will schedule for the work to be performed.

In order to avoid pests and odors if you have an event scheduled that will have food and beverage, please use the work order system to notify Custodial staff to pick up the trash when the event is finished.
Outside Window Cleaning
Due to many factors, (special equipment needs, weather...etc.) we provide window cleaning services for the outside windows we can reach with available equipment and limited inside cleaning every two years.

We can however, provide these services through a contractor at your department's expense, if you would like to have the outside of your windows cleaned, outside the routine FM schedule. Please use the work order system to submit your requests.

Pest Control - Indoors
This service is provided by Facilities Management Custodial Division, through in house staff or a private contractor. If you have a need for this service, please use the work order system to schedule a time to perform the service.

Locking and Unlocking Doors
Custodial is responsible for unlocking and locking all building entries that are not on the electronic access system on the main campus, as well as select classrooms within the buildings. Buildings and classrooms are unlocked at the same time (6:30 AM) Monday through Friday. Custodial staff will not unlock and provide access to buildings after hours when they are normally secured. Custodial staff will not unlock individual offices for faculty or staff members who have forgotten their keys. Custodial Staff will lock any unoccupied room when finished cleaning. These limitations are not intended to deny services or create inconvenience; it is our policy to protect University security of assets and personnel safety.
